

**COUNCIL TAKES UP
GARBAGE DISPOSAL
FOR INVESTIGATION**

Special Committee Named To Go Into Problem—Mr. Sam McNitt Elected Counselman—Telephone matter in Committee's Hands.

The regular monthly meeting of the City Council held on Monday evening was a very quiet affair and probably the most important matter of business was the consideration of garbage disposal. Mayor Russell brought to the attention of Council the inability of scavengers to rid the city of garbage and recommended that Council take some action or make some investigation. The Councilmen immediately authorized the Mayor to name a special committee on garbage disposal and he named Councilmen Devine, Smith and Ellet. This committee, it is understood, will go into the matter very thoroughly and will probably work out some solution of the matter to offer to Council at its next meeting.

Attorney LeWright Browning, representing the telephone company, addressed Council and presented a formal request for a 25 cents per month increase on each subscriber. The matter was referred to the Proposition and Grievance Committee.

The resignation of Mr. William Wells as a member of Council from the Fourth ward was read and accepted and Mr. Samuel McNitt was unanimously elected to fill the vacancy thereby created.

An ordinance authorizing the payment by the week of laborers, teams and other workmen hired at a daily wage, was offered, received and upon a suspension of the rules, was passed as twice read.

A communication from the Maysville Gas Company offering a new proposition in regard to the extension of the ornamental lighting system on Third and Second street was read and received. Under the terms of the new agreement the city will receive 32 additional lights at an increase in cost of \$46 per year to the city. The proposition was accepted by Council.

City Prison Guard James I. Gill was given the additional duty of caring for the Mayor's office. Council Chamber and Police station and his salary was increased \$15 per month to pay for these extra duties.

Maysville was full of visitors Monday. Many Maysville people who live and work in other cities came home to spend Labor Day.

**BOTH LOCAL METHODIST
PASTORS ARE RETURNED**

Members of Both Southern Methodist Congregations Rejoice That Their Pastors Are Returned.

Bishop Collins Denney, of Nashville, who presided over the annual Kentucky Conference of the Southern Methodist church held in Lexington last week, announced the assignments of pastors on Sunday afternoon and members of both of the local congregations are rejoicing that their pastors will be with them for another year.

The annual session of the conference, taken in all, was a most successful one and a year of great work was reviewed while plans for a bigger and better year were laid.

The assignments for all of the churches in the Maysville district as announced by Bishop Denney follow:

**L. & N. FIREMAN SERIOUSLY
INJURED MONDAY MORNING**

Fireman On Morning L. & N. Passenger Has Head Crushed Against Round House.

J. P. Keller, of Paris, fireman on the morning L. & N. passenger train which arrives here near the noon hour was very seriously injured in the local yards Monday morning when his head was struck against the wall of the round house with terrific force.

Mr. Keller, who is now on the local run, did not realize that the round house was so very close to the main line and as the train was pulling into the local yards, he leaned out of the cab to look ahead of him and his head struck the wall of the large building. He was knocked unconscious and Dr. S. R. Harover, the L. & N. railroad company's local surgeon was immediately called. Dr. Harover dressed the wounds and ordered Keller returned to his home in Paris yesterday afternoon.

The local surgeon said the wound was a serious one although he could not definitely state that the skull was fractured. While the symptoms were that the skull had not been crushed, developments will have to be awaited before it can be said finally that he is not so seriously injured.

**SCHOOL BELLS CALL
KIDDIES TO BOOKS;
MANY ARE ENROLLED**

Enrollment in All Local Schools at First Day's Session Is Very Encouraging to the School Executives.

Children were up at daylight with the chickens this morning thrilled with the idea of entering school for another year. Although there are still a few of the old fashioned youngsters who do not like study, the first day always thrills every youngster.

On Monday Superintendent Caplinger called all of the teachers and employees of the school together for a meeting at his office. It was the first time that such a meeting had been held here. The teachers and janitors became acquainted and a round table discussion was held on the care of the buildings and the improvement of the schools in general. Besides Superintendent Caplinger, Mr. Edw. M. Smith, Chairman of the Teachers' Committee of the Board of Education, addressed the employees.

Reports this afternoon from enrollment in the local schools are as follows:

School	Boys	Girls	Total
Center Grade	79	96	175
Forest Avenue	103	85	188
First District	69	61	130
Sixth Ward	29	32	61
High School	87	110	197

Total 741

These figures show a decrease of 14 from the total of last year but when all reports are in from the colored schools it is expected that a slight increase will be shown. School executives are very much pleased with the enrollment today.

**NORTH CAROLINA TOBACCO
MARKET IS FAR OFF.**

Local tobacco men this afternoon received telegrams from the North Carolina market which opened today showing a wonderful drop in the price from last year and great dissatisfaction. A telegram from Mr. Newell Stuckley who is at Wilson, N. C., says the market is from 30 to 50 per cent. off and the farmers are protesting strongly.

**FINED FOR DISTURBING

In Police Court this afternoon Tony Chafin entered a plea of guilty to the charge of disturbing public worship and was fined \$20 and costs. It was charged that Chafin disturbed worship at the Holiness church.

**GRAND JURY WILL TAKE
RECESS UNTIL OCTOBER**

Several Indictments Returned—Case Against "Bike" Owens Is Dismissed By Jury After Investigation.

At 3:30 o'clock this afternoon the Mason county grand jury reported into court returning several indictments and announcing that they would take a recess until October 4th when they will return and take up their investigations.

The indictments returned follow: H. M. Withrow, forgery. Bud Berry, malicious cutting. Floyd Herman, forgery. Floyd, Herman, uttering a forged check.

George Hambrick, Jesse Uterback and Matt Washington, grand larceny. Sam Gillespie, carrying concealed a deadly weapon.

John Cotty, shooting and wounding in sudden heat and passion.

Lee Anderson Pollitt, forgery.

The minutes of the lower court in the case against Robert Owens charged with selling ginger for beverage purposes were returned and the case dismissed, no evidence being found to return an indictment.

Mrs. W. E. Mullinaux, formerly of this city, underwent a serious surgical operation at her home in Toledo, Ohio, last Thursday. Reports received by relatives here are to the effect that she stood the operation well and is getting along satisfactorily.

Mrs. Joseph Lowery, who underwent an operation on one of her eyes at a Cincinnati hospital last week has regained her sight and will be home the latter part of the week.

Members of the City Board of Education inspected the city school buildings Sunday and found all buildings in first class condition for the beginning of school.

**MASON GETS TWO
YEARS IN PEN ON
HIS PLEA OF GUILTY**

"Bike" Mason Enters a Plea of Guilty to Charge of House Breaking and Prosecutor Grannis, Recommends Lowest Penalty.

In the Mason Circuit Court this afternoon Ed. Mason, colored, better known as "Bike," entered a plea of guilty to a charge of house breaking and a jury fixed his punishment at confinement in the State Penitentiary at Frankfort for a period of two years. An agreement was reached between District Prosecutor Grannis and Attorney A. D. Cole, representing Mason, whereby Mr. Grannis recommended the lowest penalty to the jury upon Mason's entering a plea of guilty and the jury was only a couple of minutes in fixing the term of punishment.

It will be remembered that Mason was arrested for entering the tailor shop of Squire Fred Dressell in Market street and the residence of Mr. Lloyd Mann at the corner of Bridge and Ladsay street. The indictment charging with breaking into the residence was the one upon which he was tried and the other indictment will be filed away.

After his trial in the police court and after he had been held for grand jury investigation, it will be remembered Mason made his escape from the local jail as Thomas Marksberry's dinner was being carried to him. Later Mason with three others dug their way out of jail and made good their escape. He was apprehended within a few days of both escapes.

SCHOOL DAYS

FOR LITTLE FELLOWS.

School is lots of fun for the young boy. There are recess and noon hour periods just made for pleasure. And there are play hours before and after school. That's why you ought to have wash suits for the youngster. Soiling doesn't matter much for they are easily laundered.

"SMART"

It's quite a complimentary school word; if often means diligent study and lessons well done. In this case, however, it refers to the stylish becoming appearance of the new school coats. They are made of sturdy woollens in darker shades and are attractively trimmed.

DRY EDITOR SEES FAILURE IN PROHIBITION

Impossible of Enforcement Now, Secretary of Temperance Board Says—Only Partly Effective.

Washington, Sept. 4.—As enforced, prohibition has been a failure, being only 50 to 85 per cent. effective in the opinion of eets Pickett, Research Secretary and editor of the Methodist Episcopal Board of Temperance. He has informed Prohibition Commissioner Kramer of the results of a trip to see how prohibition works in the West.

The Board of Temperance has roundly attacked the State department for permitting continued travel from California across the Mexican border to Tia Juana described as a place where one may engage in every form of vice.

"The present regulations of the State Department greatly facilitate their work," says a statement of the Board of Temperance in commenting on the numerous classes that thrive in the Mexican town. "so that vast fortunes are being made, a share of which has been going to the support of the Lower California Government so long maintained in defiance of the Federal Mexican authorities."

The State Department is charged with failure to enforce passport regulations, which permit a charge of \$10 for a passport.

"On the border between San Diego and Tia Juana," it is charged, "despite the prolonged protests of decent citizens, no passport is required. Upon approaching the line, one is asked, 'Have you a passport?' 'No.' The reply is 'Then I will give you a one-day permit.' And a mimeographed slip is filed in. Under the conditions it is impossible for the immigration officials to take proper precautions against incoming drugs, booze and smuggled goods."

"Tia Juana is an American proposition pure and simple and could not last two weeks if the American State Department were to avail itself of the permission of Congress to demand passports."

Referring to conditions in the United States, Mr. Pickett said:

"We will never get 100 per cent. enforcement of the prohibition laws until we get the sentiment of the local communities with us. We have never winked at the fact. If prohibition is handled by the local police we will be in a much stronger position."

"It is impossible for Mr. Kramer to enforce prohibition throughout the United States with a force of 1500 federal agents unless he has the earnest and hearty co-operation of the local and state authorities."

"The greatest benefit now being reaped from national prohibition is not obtained from cutting off the supply of the confirmed drunkard, because he will get alcohol some how, even though he has to drink hair tonic or patent medicine to get it. It comes now, and will come until the law against the sale of alcohol is still farther restricted in preventing young men and women of the country from acquiring a taste for liquor."

"They will not start in by drinking hair tonic or hitters, but thousands and thousands of them would start on beer, if they were able to get it. The wiping out of the old beer saloon has been of incalculable benefit."

"Thousands and thousands of permits for withdrawal of liquor from bond for the manufacture of extracts, perfumes and medicines will not be renewed on October 1. Not many persons appreciate that all of the permits which allow manufacturers to withdraw alcohol from bonded warehouses, are subject to renewal on October 1. It will be possible to deny a permit to any one of the thousands who hold

them without even showing cause for the action.

"Wherever there is reason to believe that the alcohol withdrawn for a specified purpose has not been so used, I expect to see the application for a renewal of the permit denied."

INDIAN FIRE WORSHIPERS.

A cliff house recently discovered in the southwestern part of the United States is said to prove conclusively that there were fire worshipers among the ancient Indian cliff dwellers of this part of the country. While working on one of the large cliff structures which mark the territory of the cliff dwellers. Dr. J. Walter Fawkes, chief of the bureau of American ethnology of the Smithsonian Institution, last month found evidence that it had never been used as a dwelling, but was constructed for a special ceremonial purpose. This building, known for the last few years as Painted House, formerly partly buried in fallen debris, has been completely uncovered and shows features that stamp it as unique not only on the Mesa Verde, but also in all other areas of the Southwest where cliff houses exist, while undoubtedly constructed for some special purpose other than habitation, the evidence obtained by its excavation strongly supports the conclusion that it shows the existence of a fire cult among cliff dwellers. The architecture of New Fire House, formerly called Painted House, is very simple. Its plan shows two massive walled buildings of good masonry, separated by a court fifty feet long and twenty-five feet wide. Each of these buildings is two stories high.

EDISON AND THE GAS MAN.

According to a friend, Thomas A. Edison is of the opinion that it was anger that first turned him toward inventing the incandescent light. How it happened is related by the friend. That was, of course, in the early days, and Mr. Edison was then quite the inventor that one reads of — poor, enthusiastic, never sleeping. He lived in a small house, innocent of anything approaching a laboratory; scientific devices were in every room, and all the money went for experiments. Then one day came the crisis in the guise of the collector for the gas company. He had been to the house often, but Edison, hardly heeding his calls, but waved him away, saying: "on't bother me."

On this last call the collector's instructions were peremptory. He must turn off the gas.

"But, man," protested Edison, "I can't stop this experiment tonight. I'll pay the bill of course. I didn't know about it. I must finish this work without interruption."

But this appeal had no effect upon the collector, and the lights went out. "That night, as I sat helpless in the darkness," says the inventor, "I swore that I would put the gas company out of business. I haven't quite done that, but I did the best I could."—New York Tribune.

LETTER FROM MRS. BRUCE

Tells Remarkable Story of Sickness and Recovery.

Brooksbury, Ind.—"When I was a young girl I clerked in my father's store and I lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of eighteen and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but

three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others."

—Mrs. J. M. Bruce, R. F. D. 3, Brooksbury, Ind.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

WHAT FLOWERS

CAUSE HAY FEVER.

Hay fever is now successfully prevented by vaccination with the pollen of plants. In an article in the New York Medical Journal Dr. William Scheppergrell of New Orleans, president of the Hay Fever Prevention Association, writes:

"An important feature, which seems not yet well recognized, is the fact that hay fever is due to atmospheric pollens, and that only these are needed for testing and immunizing purposes. We are still receiving frequent inquiries regarding such plants as clover, daisies, golden rod, oleanders and jasmynes, as a cause of hay fever, and these are still referred to as furnishing hay fever pollens. In other words excellent medicinal journals. The persistence of placing blame on the golden rod is especially remarkable. In view of the well known fact that this most brilliant bloom of the golden rod, Solidago canadensis, is in October, when practically all of the hay fever attacks have subsided by the end of September."

"East of the hundredth meridian we must test for the grasses, ragweeds and chenopods. West of this meridian the test should in addition include the artemisias. The ragweed test should also be made in the Rocky Mountain and Pacific States."

SHARP.

He was from the country. Some friends had invited him to dine with them at their favorite restaurant, after which they were going to the theater. Before setting down, the rustic visitor walked round the table, feeling the edge of the knives with his finger and thumb.

"What are you doing with those knives?" asked his companions.

"Avin app to city tricks now," explained the yokel; "last time they gave me a knife so sharp I cut my mouth and couldn't eat no more."—Los Angeles Times.

SPOONING ROOM TO BE OPENED BY METHODISTS

Union Church To Fix Up Place Where Broadway Miss May Take Her Beau.

New York, Sept. 3.—Miss Grace Ferry, until recently of St. Paul, Minn., has taken charge of the work for women and girls which is to be carried on in connection with the enlarged program at the Union Methodist Church, Forty-eighth street, just west of Broadway. Miss Ferry will work under the direction of the Rev. John G. Benson, the new pastor. She and her staff of young women helpers will live in the parish house.

One feature of Miss Ferry's work will be the chaperonage of a "spooning parlor," which has been fitted up in the basement and is entitled the gray room. Its dark walls have been repainted a very bright gray, and it has been furnished in colonial style and gas logs installed. Any young woman walking up and down Broadway can bring her "beau" and sit in front of the gas logs. The "spooning parlor" is intended for young women who have no homes in which to entertain their friends. It will be open until 11 o'clock, and Miss Ferry will always be there. Another name given the room is "The Grotto." Whether holding hands will be permitted has not yet been determined by the church authorities. The parlor opens in the fall.

IN THE DAY'S NEWS.

Viscount Kentaro Kaneko, who is coming to the United States on a special mission connected with auto-Japanese agitation in California, is well-known in America. Quite early in the war with Russia he was sent to the United States to employ his special gifts as an American-trained Japanese in informing the American people as to Japan's reasons for warring with Russia. Viscount Kaneko was graduated from Harvard in 1878, and on returning to Japan to enter public life, identified himself with the party then led by Prince Ito, for whom he acted a secretary when Prince Ito was premier. Later he served as secretary of the House of Peers. In ministries that have followed, Viscount Kaneko has been minister of agriculture and commerce and minister of justice.

Do You Want Your Kidneys Examined?

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this disease are 72 per cent more than 80 years ago.

Anybody who suffers constant backache, who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier; live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills — the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Ask your neighbor. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Maysville. Here's one:

Mrs. W. A. Schatzmann, 605 E. Second St., Maysville, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at J. J. Wood & Son's Drug Store, I have every reason to recommend them. When my kidneys have been irregular in action, or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure an attack."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

A DUTY TO ART.

"The new hired man puts in most of his time teaching Josh to throw somersaults and make dare-devil leaps," commented Mrs. Cornstossel.

"Yes," replied her husband. "I don't know what to do about it. I hate to have work stopped on the farm; and at the same time I don't want to spoil our son's future by interfering with his chance of becoming a great motion picture star."—Washington Star.

HIS OFF DAY.

Barnes—I was watching that farm-hand over at Furrows yesterday. Field—And what happened?

"Why, he didn't move ten feet in an hour."

"Oh, well, you ought to have seen him today."

"Did he move faster today?"

"Yes, a little faster. Furrows had him out in his fliver."

Our massive vault is protected by an automatic burglar alarm at night and during the day we have one man who gives his entire time to attending to the needs of the box renters. No one can get into one of our boxes without the assistance of the vault attendant. It takes the key of the customer and the key of the bank—both—to open a box. We have taken great pains and gone to considerable expense to properly protect your valuables, and yet we have boxes that he rent for as low as two dollars and fifty cents a year. An examination of our perfect equipment will convince you of its worth.

AN EXODUS HALTED.

"Why do so many young men want to leave the farm?"
"Haven't noticed that they do," replied Farmer Corntossel. "Most of 'em around here seem to have discovered that it is a heap harder to eat without workin' in the city than it is at the dear old home."—Washington Star.

SEX INEQUALITY.

Boys usually don long pants at about the same age, but there is no rule as to how old a girl should be when she begins to shorten her skirts.—Columbia Record.

For Middle-Aged Men and Women

It isn't always on coming old age that causes men and women in the middle years of life to slow up and feel a loss of ambition and energy. Weak or disordered kidneys do not filter waste matter and impurities out of the blood as they should, and backache, tired feeling, lameness, stiff joints, sore muscles, rheumatic pains, biliousness, irritation of the bladder, puffiness under the eyes or other symptom or ailment appears.

SHE WAS GREATLY BENEFITED
"I feel so much better than I did before I got Foley Kidney Pills. They are fine and you may use my name in your advertisement, I am glad to help you, as your medicine helped me greatly. I truly hope some one else who needs it will get some of your medicine. Your Kidney Pills are wonderful. I cannot thank you enough for them."—Laura Perry, 1506 Twigg St., Augusta, Ga.

FOLEY KIDNEY PILLS

strengthen the kidneys, stimulate the bladder and tone up the liver. They help the kidneys remove the accumulated poisons and soothe and heal the passages. When the kidneys and urinary tract are doing their work perfectly, the whole system is benefited and restored to health and strength. Why suffer when a reliable remedy can be so easily had?

Here's how Joe's fish story really started

WE CLAMBERED down, THROUGH HEAVY thickets. AND WE rowed the boat OUT TO a rocky ledge. WHERE BLACK bass hide. THEN JOE let out a roar, FOR HIS cigar box. HAD FISH lines in it. INSTEAD OF smokes. AND HE refused with scorn, OUR CIGARETTES. HE SAID they were not. EVEN FIT for bait. HE'D HAVE a man's smoke, OR NOTHING. AND FOR an hour. HE GOT nothing. NOT EVEN a bit. WHILE WE pulled 'em in. AT LAST, he grunted. "GIMME A cigarotto." AND IT just happened. HIS LUCK changed then. SO NOW Joe swears. THAT THOSE cigarettes. WERE SO blamed good. HE BAITED a hook. WITH ONE of them. AND CAUGHT a whale. PARTICULAR FISH, he says. HIMSELF AMONG them. ARE JUST the sort. THAT THEY satisfy.

MANY a cigar smoker will agree that Chesterfields "satisfy." They let you know you're smoking. And yet they're mild—mild and smooth. What's the secret? Just knowing how to blend choice Turkish and Domestic tobaccos—just right!

TO MAKE A GOOD FINISH YOU MUST START IN TIME.

There is a certain amount of preliminary work about every kind of business, and if you want to finish what you have started you must start in time. If it is to sell your house, your farm, or anything in the property line you want to place it in a live agency. Our method of handling deals for our customers has been satisfactory for twelve years, so why experiment? We are passing through the preliminary work of getting our list read to hand out to the public. Don't you want your property in this list of course you do, because you know we will get you results. USELESS NOISE OF TRAINS MUST BE STOPPED

Police Department Takes Action to Enforce Ordinances Against Useless Noises About C. & O. Depot.

Residents in the neighborhood of the local C. & O. depot have been making much complaint about the noises made by locomotives in and around the local yards at night and many have complained that their sleep is greatly interrupted by whistling which seems to be entirely uncalled for. The matter has been taken up with Superintendent Taylor of the road and he has promised relief.

The local police department is also to take a hand in the matter and will endeavor to give citizens of that section of the city more quiet during the evenings. A special policeman has been sworn in and this officer's duty will be to watch this alleged infraction of the law. It is more than likely that he will also investigate certain complaints that have been made before City Council as to the speed of trains through the city.

Mr. Harry L. Walsh has been appointed as this special officer and begins his duties as "Whistle Cop" this evening.

BUICKS ARE VICTORS.

Maysville Buicks defeated Manchester Shamrocks Sunday afternoon by a score of two to one, this the first time this season that the Shamrocks have struck more than their equals out of Maysville.

The continued rainy Saturdays and Sundays reached a climax in their effect on the Sunday schools Sunday. After an all-night rain Saturday night and the continuation of said down-pour throughout the Sabbath, it was to be expected that attendance would dwindle. And it surely did. The effect of the rain on different denominations is shown by the change in standstill of several schools—some can stand the water better than others. Well we had as well take it as it comes and get ready for a big "come back" next Sunday. September is here and all schools will be making preparations to gather in the wanderers and start in on a big fall and winter's work.

All evening church services in the future will be at 7 o'clock instead of 7:30 as in the past.
